

Technical data sheet

Vivido EP-Hardener 8447

8447

Water-based hardener for Vivido 2K-Beton-Finish-Epoxy for DIY and professional use

PRODUCT DESCRIPTION

Product numbers

8447000210

General

Hardener component for Vivido 2K-Beton-Finish-Epoxy (4033)

Application area

Cement-bound floor and wall surfaces in interior areas, e.g. storage rooms, cellars, garages and laundry rooms in private settings.

PROCESSING

Processing instructions

- Please stir the product before use.
- Immediately after adding Vivido EP-Hardener 8447 (8447) to the paint component, blend in carefully.
- Mixed paints must be processed as specified in the corresponding technical data sheet.
- Do not close containers with hardened material.
- Any change in the processing sequence, environmental conditions, non-observance of instructions or the use of products not listed may have an unfavourable effect on the result. Deviations lead to film and adhesion problems as well as to impairments with regard to weathering and color stability.

ORDERING INFORMATION

Size of trading unit

330 g; 1.5 kg; 6 kg

FURTHER DETAILS

Durability / storage

Min. 3 year(s) in the original sealed containers.

Make sure the product is protected against moisture, direct sunlight, frost and high temperatures (above 30 °C).

Immediately seal the container to prevent humidity from penetrating.

Close opened containers well and use up the content as soon as possible.

Safety information

The product is only suitable for the industrial and professional use.

Further information on the subject of safety during transport, storage and handling as well as disposal can be found in the relevant safety data sheet. The current version can be accessed on the Internet at **www.adler-lacke.com**.
